Summit Happy Home, Arusha

Although Arusha is one of the most developed cities in Tanzania, it continues to struggle with crippling levels of poverty and meager living conditions. Children are disproportionately affected, and many of them are left to survive in the streets due to extreme poverty. K2 Adventures Foundation supports a local orphanage called Summit Happy Home to provide displaced and orphaned children with a safe environment, proper accommodations, essential medical care and much needed food & clothing. Just as importantly, we want the children to experience what it is like to be treated with dignity and kindness. This orphanage launched in 2019 with 10 children ranging in age from 2 to 6 years old.

St. Joseph's Hospital, Moshi

K2 Adventures Foundation has partnered with St. Joseph's Hospital to provide medical, dental, nursing and other community service opportunities for K2 Adventure travelers. In 2022, this team will work directly with the hospital and staff to begin the White Hat Project, as well as perform surgeries, go on rounds and participate in other activities that support the hospital. St. Joseph's Hospital is one of the largest hospitals in Moshi!
