## **Summit Happy Home, Arusha**

Although Arusha is one of the most developed cities in Tanzania, it continues to struggle with crippling levels of poverty and meager living conditions. Children are disproportionately affected, and many of them are left to survive in the streets due to extreme poverty. K2 Adventures Foundation supports a local orphanage called Summit Happy Home to provide displaced and orphaned children with a safe environment, proper accommodations, essential medical care and much needed food & clothing. Just as importantly, we want them to experience what it is like to be treated with dignity and kindness. This orphanage launched in 2019 with 10 children ranging in age from 2 to 6 years old.

## **St. Augustine School, Arusha**

## **NSK Hospital, Arusha**

## **St. Joseph's Hospital, Moshi**

K2 Adventures Foundation has partnered with St. Joseph's Hospital to provide medical, dental, nursing and other community service opportunities for K2 Adventure travelers. Teams will work directly with this amazing hospital and staff performing surgeries, going on rounds and participating in other activities that support the hospital. St. Joseph's Hospital is one of the largest hospitals in Moshi!

## Description

Serengeti National Park is Tanzania's oldest and most popular national park. It covers 5,700 square miles of grassland plains, savanna and woodlands. The Central Serengeti offers superb game viewing all year round due to its abundance of resident animals. The Seronera River Valley is a 'must see' on every safari regardless of the month of travel. Game viewing the Central Serengeti is at its best during the dry season as resident animals are more concentrated in the immediate area due to lack of water on the plains. Resident herbivores include impala, buffalo, hippo, warthog, tipi, wildebeest and giraffe. Resident carnivores include lion and leopard.

## Day 9

### Serengeti National Park

After breakfast, you will enjoy an early morning game drive in the Serengeti. By late morning, you will make your way towards the park gate where you will enjoy a box lunch. The drive will continue for 2 more hours as you cross the Ngorongoro Highlands and will end at your hotel overlooking the rim of Ngorongoro Crater.

It is home to over 20 black rhinoceros and a dense population of sixty plus lions.
